

Emergency Preparedness

April 2024

Fox Creek School has been preparing for emergency situations. We have been collaborating with our division office, the Town of Fox Creek, the MD of Greenview, Forest Management and Wildfire offices, as well as various industry partners. This ensures that a comprehensive plan is established and communicated between relevant parties.

Plans include considerations for student pick-up and transportation. Please see the attached map for the area of the school that has been designated for the pick up of each grade. Ideally, parents would pick students up from Fox Creek School as soon as possible in an emergency situation; however, we recognize that some families may not be able to pick up their child(ren) due to extenuating circumstances. Any students remaining in the care of the school will be transported with the school principal to the designated Northern Gateway Public School, where parents can reunite with and pick up their child(ren). Families that require assistance with transportation are requested to collect their child(ren) from the school first, then connect with the Town of Fox Creek for available transportation arrangements.

In the event of an emergency, Fox Creek School will be utilizing social media as well as the automated communication system linked to PowerSchool to relay important information. This may include emergency updates, student pick up instructions, plans for continued instruction, and details concerning the return to school. Please ensure that your contact information with the school is up to date and that your emergency contacts are still relevant.

Should you have specific questions or concerns, please contact the school office.

6 Avenue

Junior High
All junior high students exit
and stay at front of school

1 BL / 20 / 3 S
Exit and stay at front
of school

Kindergarten / 1 D
Exit and go the front
of school
